I/CAD Intelligent Mapping

Enhance the availability and use of location-based information.

GIS maps provide insight to call takers, dispatchers, and first responders by geographically tying incidents and data together. I/CAD provides intelligent maps for effective management of events and resources. Administrators can automate and streamline map creation and updates. Dispatchers and field personnel benefit from feature-rich
maps displaying data from many sources. Our mapping software enhances the availability and use of location-based information.

Benefits

🌐 Geospatial Innovation
Rely on our history of innovation, as the first vendor to integrate a map into dispatch workflow.

🔍 Comprehensive Information
Access and view data from multiple sources.

📺 High-Performing Displays
Leverage fast and reliable map displays.

Products & Capabilities

🌟 I/Map Editor
Leveraging GeoMedia, use third-party GIS data as the source of map graphics in I/CAD.

🌟 I/MapEditor for ArcGIS
Leveraging Esri’s ArcGIS Platform, enable map production within ArcGIS.

🌟 Map Administration Utility
Streamline creation, maintenance, and administration of maps.

🌟 Multi-Source Maps
Easily connect to multiple map services for high-quality base maps and overlays. Enable real-time views of multiple sources.

🌟 Consumer Maps
Support for open-source and commercial sources, including OGC WMS, Microsoft Bing, Open Streets, ArcGIS, and Mapbox.

Intergraph Unveils I/Map Editor for ArcGIS
(http://www.hexagonsafetyinfrastructure.com/news-releases/intergraph-unveils-imap-editor-for-abilene-police-)

(http://www.hxgnlive.com/)
Abilene Police
Abilene Police Department integrates map editing solution with computer-aided dispatch system to streamline map maintenance for non-GIS users.

Edmonton Fire Rescue Services
Edmonton Fire Rescue Services uses computer-aided dispatch and integrated map data to reduce response times, costs, and redundant information.

HxGN LIVE Hong Kong
Experience HxGN LIVE like never before - in Hong Kong, 18-20 November! Exchange ideas, explore smart solutions, and learn the latest trends.

Customer Support
Your investment in our software is also an investment in your organization's future. Our customer support team is here to help you protect that investment.
